SOHO RESOURCES CORP. CONTRACTS FALCON DRILLING FOR TAHUEHUETO PROJECT

Soho Resources Corp (“Soho” or the “Company”) is pleased to report that it has entered into a diamond drilling services contract with Falcon Perforaciones Mexico S.A. De C.V., (“Falcon”), a subsidiary of Falcon Drilling Ltd. of Prince George, British Columbia, Canada. The agreement is for a minimum of 5,000 meters of core drilling, and is extendable by mutual consent. Soho anticipates that the drill will arrive at the Project site before yearend 2007.

“Falcon Drilling is a highly competent drilling contractor with an excellent reputation within the exploration community and we are very pleased to have retained this group for drilling operations at Tahuehueto” states Ralph Shearing, President & CEO of Soho. “ We plan to add a second Falcon drill to the project as soon as possible in the 2008 new-year and trust that Falcon can meet all of our projects’ future drilling requirements on an ongoing basis.”

The Tahuehueto project is situated in north-western Durango State, within the historic Sierra Madre mining district, which hosts a number of producing gold, silver and base metal mines, and many active exploration and development projects.

About Falcon Drilling

Falcon Drilling Ltd is an international diamond drilling service supplier with world wide experience in providing drilling services to the British Columbia and international geological exploration community. Falcon has been in operation since 1986 and has established offices or worked in many diverse and remote parts of the world. Falcon also manufactures specifically designed portable diamond drills to suit most exploration drilling needs.

The exploration program at Tahuehueto is being conducted under the direction of Hall Stewart, PGeo, a qualified geologist as defined under National Instrument 43-101. Mr. Ralph Shearing, President, P.Geol, also a qualified geologist, authored this news release.
